### **Seniority Reviews:**

After numerous grievances in Calgary had been filed with regards to the employer crediting members with the incorrect seniority and continuous service dates, we finally managed to set up some dates to review personal files, SAP records, etc. with Gord Fischer, myself and Lennox Rodney. These occurred April 29, May 14, 15, 16, 27, July 11, and Aug 9, 2013. In these reviews 84 employees seniority dates have been rectified and already corrected.

We had additional review dates on Nov 13 and 14, 2013 we finally completed all the reported seniority issues in Calgary, we have not finalized the November review as of yet, I hope to have everything completed by the end of December. These reviews will result in the resolution of approximately 56 grievances.

Special thanks to Kelly Gibson, Don Svrcek, Kim Livingston, Dominika Dunn, and Amarjit Jhinjar for their assistance in this office.

Solidarity,

Amanda Cowie  
Grievance Officer
