Negotiations

Urban Postal and RSMC

November 14, 2017

Bulletin No. 006

IT'S A GO!!

This morning, CUPW met with Canada Post Corporation and officially served notice to bargain for both the urban operations unit and the RSMC unit.

Request for Mediation

At the same time, we submitted a letter to the Minister of Labour requesting that she appoint mediators as per section 105 (1) of the Canada Labour Code. The intent of asking The Minister to appoint mediators from the outset is to assist the parties in achieving a negotiated contract. This request for mediation **does not** start any countdown to acquiring the right to lockout or strike.

Presentation of Demands

The next step will be to present our programs of demands to Canada Post, on a date to be determined shortly.
